

Iron oxide

Manganese sulphate

Sodium molybdate

Ingredients considered not to be hazardous

Copper sulphate

Zinc sulphate

Sodium borate

| 4. FIRST AID | MEASURES |
|--------------|---|
| Inhalation | Move person to fresh air. If person is not breathing, call 000 for an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poisons information centre or doctor for further treatment advice. Phone Australia 13 11 26 or New Zealand 0800 764 766. Possible symptoms are coughing and/or dyspnoea. |
| Ingestion | Call a poisons information centre or doctor immediately for treatment advice. Phone Australia 13 11 26 or New Zealand 0800 764 766. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so be a poisons information centre or doctor. Do not give anything by mouth to an unconscious person. |
