TRADE & SPECIAL ORDERS

TERMS AND CONDITIONS OF SUPPLY

Bunnings is pleased to supply you with goods based on the following:

Quotes, Estimates and Orders

Unless the quotation/estimate specifies otherwise, it is valid for 30 days and for the full quantity only. The quote/estimate supersedes all previous quotes/estimates. If you wish to change your order or product specifications before delivery a requote will be provided. We will be bound to supply you the Goods when Bunnings accepts your order (but not before), and you will then be bound to pay for them. Delivery is within 30 days of us accepting the order except where we agree or advise you otherwise. Online orders will be regarded as accepted once payment has been processed and you have received an email order confirmation from us. All orders accepted by Bunnings will be pursuant to these terms, unless agreed or advised otherwise.

Delivery (if applicable)

If delivery is offered by Bunnings, a charge for delivery to your home or premises will apply. Bunnings will give you an estimated delivery date/time in good faith but, subject to any rights you have under the Australian Consumer Law we are unable to accept liability for delay in delivering the goods which is beyond our reasonable control (e.g. if stock is unavailable), except to the extent that any loss or damage is directly attributable to our negligence, wrongful act or willful misconduct. You must ensure there is clear and safe access for delivery. Please ensure there is a person present at the delivery premises who is authorised by you to accept delivery. If there is not, you authorise us to deliver the Goods anyway (if we consider it is safe and appropriate to do so). If the delivery contractor arrives at the agreed time but is unable to deliver the Goods or considers that it is unsafe or inappropriate to do so, you may be required to pay for re-delivery later. Some Goods may require extra delivery personnel which may incur an additional charge.

We will deposit your Goods at ground level at the delivery premises unless you have arranged otherwise with us. The Goods are at your risk after delivery. For Commercial customers, to the extent permissible at law, including the Australian Consumer Law, liability for damage to any property occurring in the course of delivery will not be accepted.

Collection

If Goods are being collected, please collect them within 10 days (Commercial customers) or 30 days (retail customers) after we inform you that they are ready for collection. If you do not, then unless you make arrangements with us for late collection, we will assume you have cancelled your order. This means we may re-sell the Goods and you may forfeit any deposit or payment you have made. Where we are unable to re sell the Goods, such as for specially ordered or custom made Goods, we will invoice you for payment in full if not collected within the timeframes set out above, unless otherwise agreed. We may need to verify your identity upon collection.

Installation

Where we arrange for our supplier to install Goods supplied by us, you must contract separately with the installer. Bunnings will not be liable for any aspect of installation of Goods.

Warranties

In addition to manufacturers' guarantees on selected products, if you are a Consumer within the meaning of the Australian Consumer Law, Bunnings provides additional warranties in accordance with the Australian Consumer Law. Consumers are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. Consumers are also entitled to have the goods repaired or replaced if the Goods fail to be of acceptable quality and the failure does not amount to a major failure. All other warranties and representations are excluded, except those that are non excludable in law, including the Australian Consumer Law. Subject to Australian Consumer Law, where Goods supplied are not of a kind ordinarily acquired for personal, domestic or household use, our liability is limited to refunding the price or replacing or repairing the Goods (at our option) and we exclude liability for indirect or consequential loss (indirect, special, consequential or exemplary damages or losses, including loss of opportunity, revenue, profit, contract, goodwill and loss arising from business interruption, e.g. contractor time on site). Bunnings will not be liable for damage, loss or injury suffered as a result of any person failing to follow instructions relating to the Goods, modifying them, failing to appropriately maintain or store them or using them for an unintended purpose. To assist us in resolving any problems you may experience, please inspect the Goods upon taking delivery and report any shortage, discrepancy, defect, wrong specification or similar problem to us as soon as you become aware of it, and for commercial customers within 7 days of delivery (otherwise, subject to Australian Consumer Law we may not be liable for that problem later).

Payment

In-store purchases: For retail customers (i.e. you do not have an account with Bunnings), the following require payment in full when you place your order: purchases under \$500; direct deliveries from our suppliers; specially ordered and custom made products; and delivery services. Purchases over \$500 require a deposit of \$500 when you place the order, and the balance is payable before the Goods are collected or delivered. Personal cheques are not accepted for amounts equal to or greater than \$10,000.

If you are a Commercial customer (i.e. you have an account with Bunnings), Bunnings' Terms and Conditions of Supply on Credit apply. Short payment of any invoice is not permitted.

Online purchases: You must pay for all online purchases at the time of online checkout prior to order confirmation in accordance with one of the payment methods offered on the Bunnings website.

Cancellation & Returns

We will endeavour to assist you if you wish to cancel your order or return Goods unused - for retail customers please see the returns policy on our website. Some Goods, including specially ordered and custom made Goods are non-returnable unless a warranty or guarantee is breached (further information can be found on www.bunnings.com.au/returns). Subject to Australian Consumer Law, customers may be required to pay for loss we incur as a result (for example, handling/transport costs or any re- stocking fee charged by our supplier).

We reserve the right to cancel any order (in full or part) where: (i) you are in breach of your payment obligations to Bunnings; (ii) Bunnings reasonably suspects that you are purchasing Goods for the purposes of resale or resupply; (iii) Bunnings becomes aware after order confirmation

that the good is out of stock; or (iv) there has been a genuine pricing or product description error by Bunnings or its supplier. We will refund any amount already paid in respect of any cancelled order (and in the case of part cancellation of an order, we will refund the amount paid that relates to the cancelled portion of the order).

Privacy

Bunnings collects your personal information here to allow us to supply you with goods or services. We will not use or disclose your personal information for any other purpose. Our Privacy Policy can be found on <http://www.bunnings.com.au/privacy-policy>. By placing an order with us, you consent to us providing your name, contact details and delivery address to third parties (including our suppliers or delivery contractors) for the purpose of fulfilling and delivering your order. If you have any questions, email us at mprivacy@bunnings.com.au

Third Party Installation

Where you arrange for a third party to install Goods supplied by us, you must contract separately with that third party. Bunnings will not be liable for any installation services provided by a third party.

GST

If goods are being exported out of Australia and you can confirm that this will be within 70 days of purchase, then GST on the goods will not be charged. Account Customers will be required to provide the relevant export documentation, i.e. Bill of Lading and customs clearance documentation, within 70 days of purchase for this to be valid. If you do not provide the relevant documentation within this time frame, then GST on the purchase will be charged to your account.

Entire agreement

These terms and conditions, together with Bunnings policies available on its website (including its returns and refunds policy), apply to the exclusion of all other terms and conditions, including any terms and conditions contained in any purchase order or other document provided by you, the customer. In the event of any inconsistency between those documents, these terms and conditions will take precedence. Where Bunnings accepts your order, it does so on the basis of these terms and conditions and any clarifications, such as inclusions and exclusions, included in its quote, unless expressly provided otherwise in writing.

You agree that these terms and conditions apply to the exclusion of all others even if exchanged later.
