Cube Displays

Step up to Multistore Cube Units, these are our take on a modern storage classic. Create stepped feature displays for your treasures. Use them on their own, combine or even build into corners.

All our cube units are made from 16mm Melamine, not inferior PU paper board which is commonly used by our competitors. By using Melamine we can be sure they will not de-laminate in a few years, that's why we offer a 10 year warranty for extra piece of mind. Cube units are finished the same on both sides they can be used to divide a space as well as against a wall.
