

INSULATION ABOVE EXPECTATION

SOFT TO
HANDLE
EASY TO
INSTALL

The Earthwool® insulation range of products doesn't look or feel like any insulation you've ever experienced. The natural brown colour represents a level of sustainability and ease of handling never before achieved with glasswool in Australia.

WHY IT'S WORTH THE SWITCH TO LESS ITCH

Soft to handle - easier to install

The super-soft feel of Earthwool® insulation comes from a revolutionary, patented binder based on rapidly renewable materials.

Non-combustible

Earthwool® insulation comes with inherent fire performance and will not catch fire.

Absorbs sound

Earthwool® insulation will absorb sound transfer between rooms and floors.

German innovation - 50 year warranty

The quality of manufacture of Earthwool® is so good that we offer a full 50 year warranty.

ECOSE® Technology - no added formaldehyde

Earthwool® insulation made with ECOSE® Technology benefits from a binder which has no added formaldehyde and is based on renewable, bio-based materials instead of traditional petro-based chemicals.

Sustainable - made using recycled glass

Earthwool® insulation is made using recycled glass and sand making it a great choice for environmentally conscious customers.

Indoor air comfort

Earthwool® is certified by Eurofins as an outstanding material according to the VOC (Volatile Organic Compounds) Indoor Air Quality emissions regulations.

More insulation per pack - reduces handling

Unique compression packaging means you get more insulation per pack and more insulation per load.
