## OBEGS691

9 function 60cm built in electric oven  
77L capacity

a.

b.

### FEATURES

#### 77 Litre Oven Cavity

At 77 litres, this large capacity oven will accommodate even the biggest of meals.

#### 9 function built in electric oven

Select from a range of cooking functions to suit your needs: Fan Force, Fan Force with Bottom Element, Grill, Grill with Fan, Upper Element, Fan Assist, Conventional Bake, Defrost, Light only. This oven also contains an internal oven light.

#### Triple Glazed Door

The triple layered door with thermo-reflective glass offers not only a cooler to touch surface but also increases the energy efficiency as the heat is retained within the oven.

#### 120 minute mechanical timer

The easy to use mechanical timer enables you to time the cooking duration. An alarm will sound to notify you that the set time has elapsed.

#### Large viewing window into the oven

It's easy to view your meals during the cooking period through the large window, without having to open the oven door and let the heat escape.
