

BUILDERS MIX

MIX OF SAND AND AGGREGATE IDEAL FOR MIXING WITH CEMENT FOR SMALL CONCRETING JOBS

25kg, 250kg & 500kg

PACKAGING:

Cemix® Builders Mix is available in 25kg bags, 250kg and 500kg bulk bags.

CLEANING:

Clean all tools with water & brush immediately after use.

DESCRIPTION:

Cemix® Builders Mix is a user friendly mix of sand and aggregate blended, ready to have cement and water added. Cemix® Builders Mix is ideal for all your small concreting jobs at home or on your building site.

TYPICAL APPLICATION/USES:

It is generally used for:

- Small concreting jobs.
- Concrete footings.
- Foundation.
- Driveway repairs.
- Mowing strips.
- Footpaths.

ADVANTAGES:

- Easily mixed by hand in a wheelbarrow or concrete mixer on site.
- Available in bulk bags.
- Supplied in plastic packaging and can be stored outside without wastage.

MIXING:

Cemix® generally recommends a 5:1 ratio with cement to produce medium concrete.

CURING:

It is very important to prevent early plastic state moisture loss prior to the product setting. Cure product thoroughly after it has set by keeping it wet & covered for at least 7 days. Avoid product freezing for at least 3 days.

SAFETY

Avoid contact with eyes & do not ingest.

FIRST AID

If product should be ingested emergency procedures are not normally required, there may be a temporary irritant to the gastrointestinal system if excessive quantities are ingested. Seek medical attention if irritation occurs.

If product enters the eyes, immediately hold the eyelids open, check for and remove any contact lenses. Flush eyes with plenty of water for at least 15 minutes. Seek medical attention if irritation occurs.

If product should be inhaled, remove yourself into fresh air. Drink water to clear throat and blow nose to evacuate dust. If coughing and irritation develops, seek medical attention.

SPILLS AND LEAKS

Keep out of sewers & storm water drains & dispose of any leftover material as trade waste in accordance with local authority guidelines.
