## FEATURES:

- Prized for its ornamental foliage of large silver-blue leaves with wavy margins.
- Makes a stunning ground cover for low maintenance and low water areas.
- Easy to grow and producing fast results.
- Dry and frost tolerant.

## SUGGESTED USES:

- Large containers and general garden use.
- Waterwise landscapes.
- Mass plant as eye-catching ground cover.
- Blends well into any colour scheme.

## CULTURAL CARE

Grows well in most soil types which are well draining. Dry tolerant once established requiring little watering other than during extended periods of heat. No pruning is necessary other than a general tidy if required. Apply a slow release fertiliser during spring for optimum results.
