

Wi-Fi Security System

Easy to install Wi-Fi camera protection with heat & motion-triggered warning lights.

Also sold as a 2 camera kit

Speak to See

1080p FULL HD

Security made smarter.

Wireless Video Signal

The cameras plug into power, while their video signal back to the NVR via your Wi-Fi network is wireless, making installation easy.

Protection 24/7

Know what's happening at any hour with powerful night vision up to 100ft / 30m & the ability to see color video at night*.

See Everything in Full HD

With 1080p video, built-in microphone & speaker, you can listen, talk back & record audio to help identify what's happening.

Free Recording

Set & forget with free local recording to the pre-installed 1TB hard drive or Micro SD Card & back up via Dropbox.

Truly Reliable Security

Swann's True Detect™ heat & motion detection records & sends push notifications when it detects heat from warm objects, like people & cars.

Prevent Crime, All the Time

Activity triggers spotlights, siren & 2-way talk, to actively prevent crime.

Over 4 million homes safe.

See & protect what matters most.

Peace of Mind 24/7

Color night vision captures people, objects & activity in any light

Listen & Talk Back

Use 2-way audio to talk to visitors or warn-off intruders

See What's Happening

1080p Full HD video lets you see faces, close ups & more

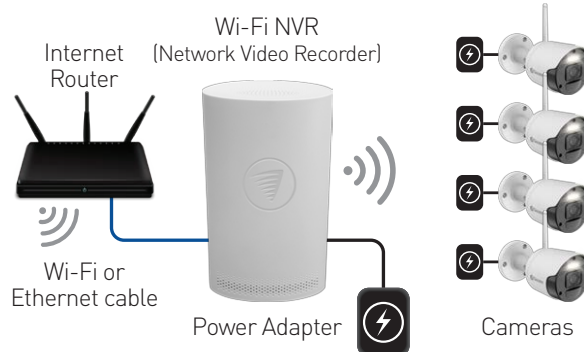

Security You Can Rely On

True Detect™ senses heat, motion & people for reliable mobile alerts & fewer false alarms

How does it connect?

The NVR plugs into power & connects to your internet router via the included network cable or Wi-Fi. SwannNet™ enables each camera to connect to the NVR or your router, using whichever network has a stronger Wi-Fi signal.

One app. Complete security.

Stay connected. See what's happening. Control all your devices.

Works with
Swann Security
