

Classic Cream models shown

Ground Mount Kit Options

Ground Mount Kits are available as standard **Ground Mount Kits** for soil installations, or as **Plated Ground Mount Kits** for hard surface fixing i.e. cement slab, decking etc. if structurally sound.

- ✓ Includes 2 standard or plated Posts (depending on model) and supporting Back Bar
- ✓ Fasteners to secure Austral Fold Down
- ✓ Plated Ground Mount Kits are suitable for hard surface fixing
- ✓ Austral's multi-punched Ground Mount Kit allows for flexible height adjustment
- ✓ Ideal for DIY installations
- ✓ Retirement and tenanted facilities – where residents differ in height
- ✓ Builder installations – where resident's height is not known

Please note: The back bar may be reduced in length to fit into shorter spaces during installation if required. Installer will need to cut excess off one end of back bar and drill 1 hole. Please refer to Fold Down instructions on how to shorten the Front Bar(s).
