3150 Litre Squat Round Water Tank

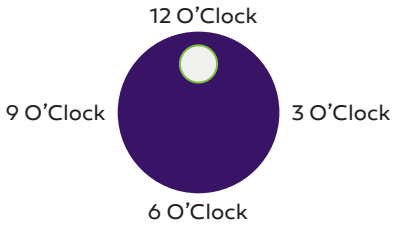

Shown in Slate Grey

10 YEAR WARRANTY

Built to the highest of Australian standards, this squat round water tank has been designed to be durable, in order to withstand the harsh Australian weather.

This round water tank will capture plenty of rain water, and with a shape that's shorter in height than other round tanks, its ideal for spaces that may encounter height restrictions.

- Built to last, using UV stabilised food grade polyethylene. BPA free.
- Complies with AS/NZS 4766 standard for above ground tanks.
- Tap outlet locations can be customised to suit a customer's requirements. See options below:
