# 4200 Litre Round Water Tank

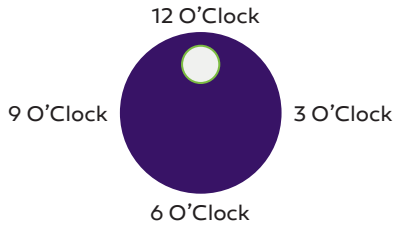

Shown in
Birch Grey

10 YEAR WARRANTY

Built to the highest of Australian standards, this round water tank has been designed to be durable, in order to withstand the harsh Australian weather.

This mid-size round water tank will capture and store rain water for medium use, without occupying a large amount of backyard space.

- Built to last, using UV stabilised food grade polyethylene. BPA free.
- Complies with AS/NZS 4766 standard for above ground tanks.
- Tap outlet locations can be customised to suit a customer's requirements. See options below:
