TAP 'N' SNAP INSTRUCTIONS FOR USE

1. Take snap-on fitting.
2. Pull back collar of fitting.
3. Push onto Tap 'N' Snap tap, all the way up to the widest point, then release collar to lock into place.
4. Pull on the hose, and it should hold secure.
5. If your fitting slides down, it is not locked in. Repeat above steps.

Periodically replace the o-ring for a water-tight seal.
