Experience Water

A treat for your senses

Water is an adventure of the skin and senses. From the sparkling tumble of a mountain stream to a hot pool's immersive promise, water has the power to lift our mood and transform our state of mind.

At Methven, our love of water began in 1886. Ever since, we've devoted ourselves to harnessing its transformative properties, creating experiences that can soothe and stimulate, comfort and awaken, relax and revitalise.

Through intelligent design and precision engineering we've found ways to shape water, to recreate its many guises in nature and its appeal to our emotions.

The result is something that transcends the everyday. From the moment the water hits your skin we deliver a treat for the senses. This is what sets Methven apart. Because when you experience Methven you truly experience water.

Guaranteed Quality

Proudly designed in New Zealand, our extensive range of bathroom and kitchen tapware offer a superior water experience each and every time.

All Methven showers carry a Lifetime Replacement Warranty.

All Methven tapware carries a 20 year Parts & Labour and Cartridge Replacement Warranty.

All Methven accessories carry a 10 year Replacement Warranty.

Your shower experiences

We are always looking for the new, always researching what can be better, always on a quest for the ultimate water experience.

VJet®

A shower to suit your ever-changing needs.

Its smooth handset slider allows you to activate a seamless spray transition - from firm, to gentle, and everything in between.

Aurajet®

Our design looks amazing and feels divine.

20% more spray force and twice the amount of water on your skin than a conventional shower*.

* Compared to a Methven Conventional Shower at 9L per minute.

Satinjet®

A sensation only your skin can truly understand.

An amazing full-body shower sensation. Satinjet® turns an everyday ritual into an experience like no other.

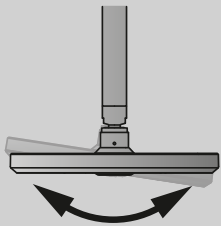

Airstream™

Feels like your own personal rain shower.

Airstream™ technology mixes air with water to create a refreshing, rain-like more voluminous shower experience.

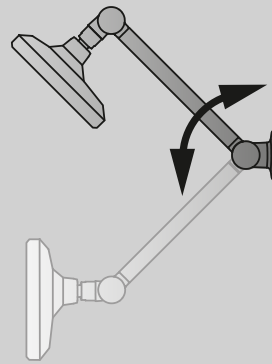

Which shower?

There's an abundance of different shower types to choose from across the Methven range. Here's a quick guide to ensure you choose the right shower for your bathroom environment:

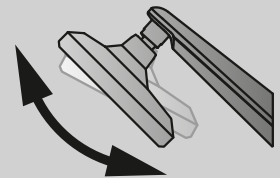

OVERHEAD SHOWER

For those who want an elegant yet minimalist look and a fully immersive experience. Overhead Showers are the ideal choice.

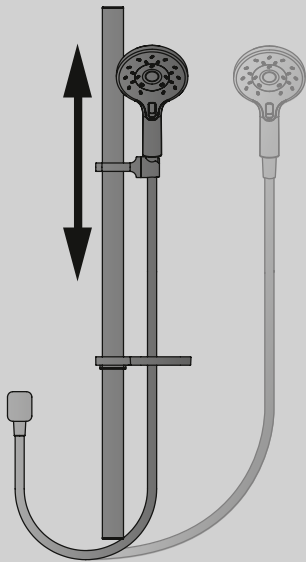

HI RISE SHOWER

A wall shower with the added bonus of height adjustability. Works well in a family bathroom.

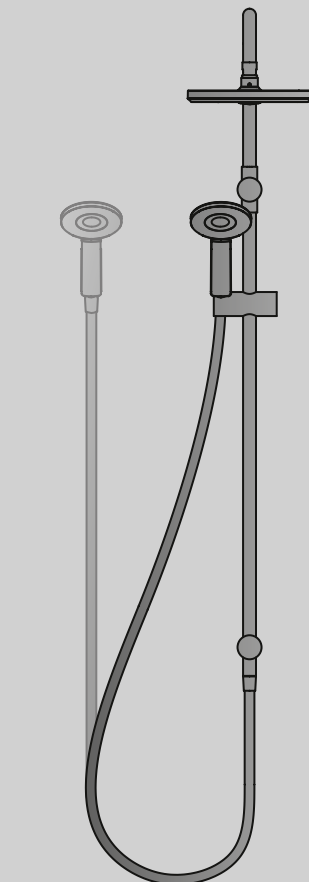

WALL SHOWER

Compact, durable and easy to clean. A popular choice for confined areas, commercial spaces and rental properties.

RAIL SHOWER

Offers great flexibility – height adjustability so the smallest or tallest users can enjoy a great shower, plus a handset that can be picked up for direct body showering. Perfect for the family bathroom.

SHOWER SYSTEM

The ultimate shower for those who want the best of both worlds. Enjoy the flexibility of a rail shower with the added luxury of an overhead shower. Great for en suites.

VJet®

Experience Control with Methven VJet®

Change is good.
Controlling it is even better.

We created VJet® technology so you can change your shower experience to suit your needs. Using a smooth slider control you can adjust the spray seamlessly, from firm and invigorating to a gentle enveloping warmth, or anywhere in between.

Then there's the unique quality of the spray itself. VJet® uses cleverly-designed hidden channels to create spirals of water, released precisely by individual nozzles across the shower head.

The result is always a delight for the senses, whether you choose a shower experience that's revitalising, relaxing or something entirely your invention.

VJet®. It's your shower, your way.

Aurajet®

Experience the Unforgettable feeling of Aurajet®

It looks and feels out of this world.

The futuristic design of Aurajet® signals the promise of something extraordinary. And, from the moment the first droplets touch your skin, it delivers.

Hidden nozzles generate individual jets of water that collide against precisely-angled surfaces within Aurajet's open, seemingly floating, shower head.

The result is a stunning fan of luxuriously dense droplets, delivering 20% more spray force than a conventional shower, and twice the amount of water contact with your skin*. Its enveloping warmth and heavenly feeling has to be felt to be believed.

Aurajet®. Experience it to believe it.

Airstream™

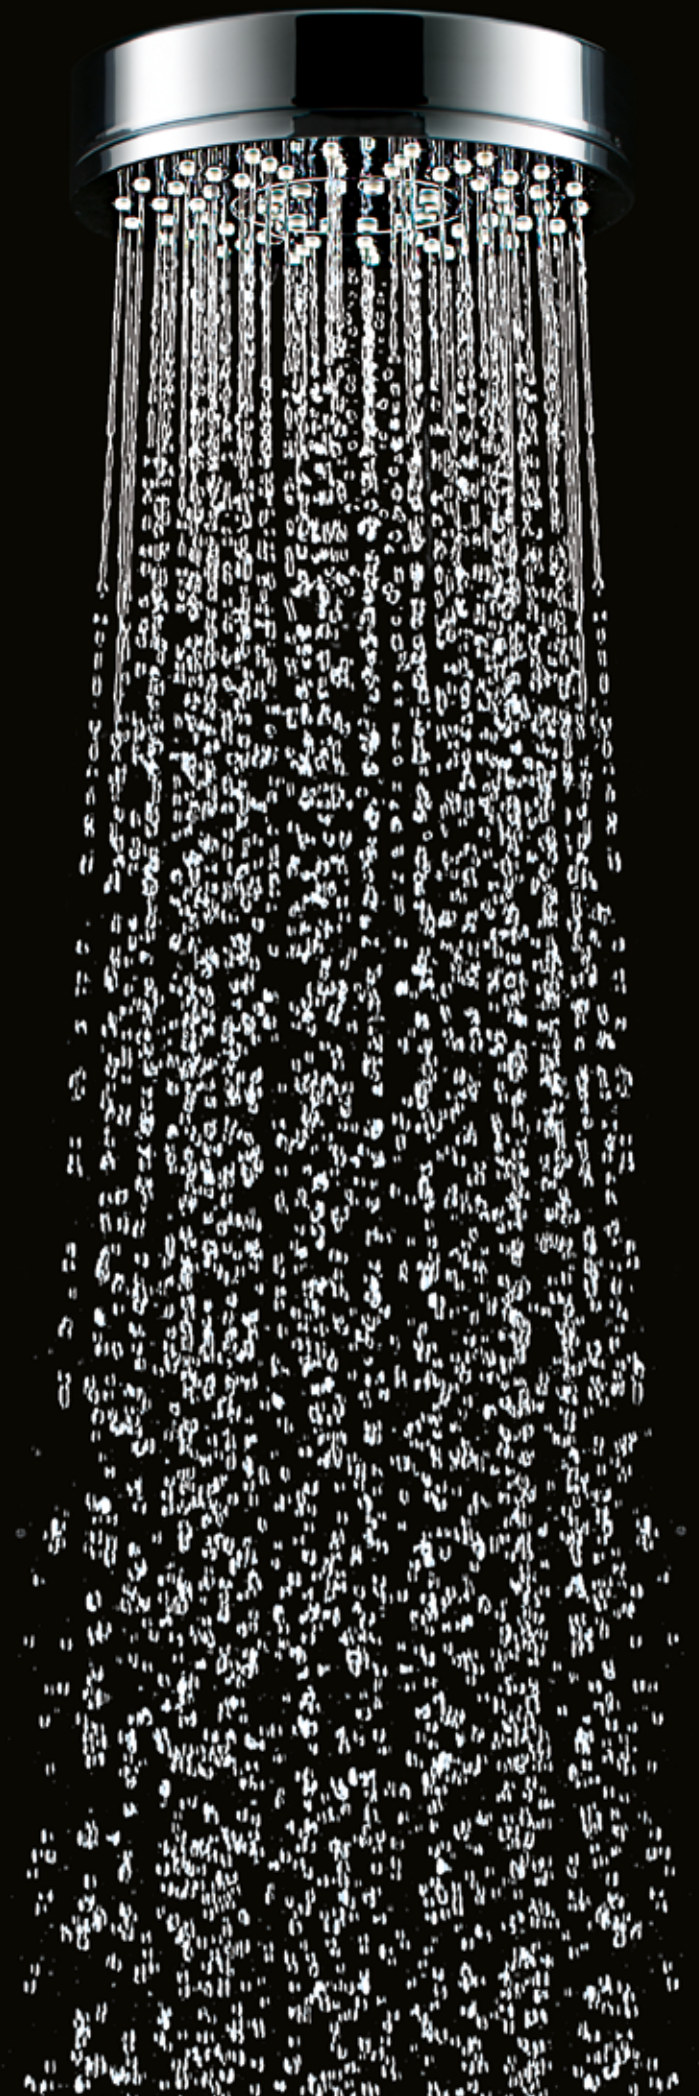

Experience Vitality with Airstream™

A refreshing combination of air and water that delivers a rain-like feel to your shower.

Fully integrated into the base of the handset, Airstream™ technology allows air to be drawn in and mixed with water at high pressure. Each air-infused droplet then emerges from the shower head as a larger, softer, rain-like drop.

The result is a more refreshing all-over showering experience.

Airstream™. A simple and smart choice for any bathroom shower experience.
