The supply and Installation offer is for the specified Carrier & Rinnai units only. Bunnings Heat Pump Supply and Installation Service is available in Auckland, Hamilton, Rotorua, Mount Maunganui and Christchurch and can only be used with selected products, as shown in store or online, purchased from Bunnings. Excludes installations in commercial locations and apartment buildings. Installation must be paid for prior to booking. 'From' pricing represents 'standard' and 'back-to-back' installation of a split system unit. 'Non standard' installations will incur additional charges. Excess travel is charged when the customers home is further than 35km from the nearest store.

This offer is not available for properties on Waiheke Island or any islands in Auckland.
