- Airless piston pump for medium to large DIY projects
- **High Efficiency Airless:** Innovative technology that allows users to spray with highest control and performance under reduced system pressure
- **Less Overspray:** Reduced pressure leads to a softer and more controllable spray, resulting in up to 55% less overspray
- **Maximum Control:** Slightly feathered edge allows for a better finish when overlapping spray patterns
- **Less Fatigue:** Reduced pressure in the system results in less bounce back of gun and lower trigger pull force
- **Longer Equipment Life:** Lower spraying pressure puts less stress on the system
