

FOCUS 500

The Focus 500 HandHeld is a multi-tool for painting pros with a unique combination of power, control and versatility. The Focus 500 delivers the power of an airless sprayer with the control of an HVLP. It's a highly versatile tool that is capable of spraying all types of coatings for interior, exterior and fine finishing jobs.

- ▶ XVLV technology provides greater atomisation, allowing you to spray un-diluted coatings like acrylics and enamels with little overspray
- ▶ X-Speed tip for greater control; adjustable spray pattern from 3 to 36cm
- ▶ Powerful handheld turbine with 2-stage trigger and automatic shut-off
- ▶ Variable air flow and material control to suit all applications
- ▶ Low maintenance for longer life, with replaceable air filter
